

Lexicography: An Introduction

By Howard Jackson

Lexicography: An Introduction By Howard Jackson

This book is an accessible introduction to lexicography – the study of dictionaries.

Dictionaries are used at home and at school, cited in law courts, sermons and parliament, and referred to by crossword addicts and *Scrabble* players alike.

Lexicography provides a detailed overview of the history, types and content of these essential references. Howard Jackson analyzes a wide range of dictionaries, from those for native speakers to thematic dictionaries and those on CD-ROM, to reveal the ways in which dictionaries fulfil their dual function of describing the vocabulary of English and providing a useful and accessible reference resource. Beginning with an introduction to the terms used in lexicology to describe words and vocabulary, and offering summaries and suggestions for further reading, *Lexicography: An Introduction* is highly student-friendly. It is ideal for anyone with an interest in the development and use of dictionaries.

Editorial Review

Review

From words to vocabulary, from vocabulary to dictionaries, from dictionaries to the provision of information about English for native speakers and foreign learners: Howard Jackson's brilliant introduction to lexicography makes us appreciate the fascination and complexity of both dictionary making and research.

–**Reinhard Hartmann, University of Exeter**

About the Author

Howard Jackson is Professor of English Language and Linguistics at the University of Central England, Birmingham.

Users Review

From reader reviews:

Christopher Patton:

What do you with regards to book? It is not important along? Or just adding material when you need something to explain what the one you have problem? How about your extra time? Or are you busy individual? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? Everyone has many questions above. They have to answer that question since just their can do that. It said that about publication. Book is familiar in each person. Yes, it is right. Because start from on pre-school until university need this kind of Lexicography: An Introduction to read.

Teresa Laureano:
