### **Rebuilding the Left** By Marta Harnecker

What future is there for the left, faced with the challenges of the twenty-first century? Based on a lifetime's experience in politics, Marta Harnecker addresses the crisis facing the left today.

At its heart, this book is a critique of social democratic realpolitik. Harnecker reminds us that, contrary to today's orthodoxy, politics is not the art of the possible but the art of making the impossible possible by building a social and political force capable of changing reality.

She believes that the social experiments being carried out in Latin America today hold out hope that an alternative to capitalism is possible; they are essentially socialist, democratic projects in which the people are the driving force. To create a real alternative to capitalism, though, the left must change.

Rebuilding the Left offers real hope to those who still believe that we can create a different world.

## **Editorial Review**

### Review

'This book is an illuminating overview of the revolutionary left, particularly in Latin America, and its failings in the second part of the 20th century. Essential reading for all those who are trying to revive the left to meet new challenges.' Samir Amin 'Full of observations, analyses and reflections which are extremely useful for the times we live in. Harnecker's personal knowledge of so many social and political movements makes this book particularly important.' Francois Houtart 'For Harnecker, politics is the art of discovering the potential in the present in order to make possible tomorrow what appears impossible today. In this book she does just this for Latin America and in particular Venezuela. But first she ditches the dogmas of the past with a disarming frankness. The result is an original and valuable contribution to rethinking left politics.' Hilary Wainwright, author of Reclaim the State 'Here in Britain, we still have a lot to learn about participatory democracy and this book is an excellent place to start. Charley Allan recommends Marta Harnecker's in-depth study of left-wing movements to anyone aiming to change the system.' Revolutionary Links, Morning Star 'Marta's ideas about what the left should be doing is a great tonic; and not just for those in Latin America but for those of us on the British left in these dying days of Blairism.' Hugh O' Shaughnessy, Tribune

### About the Author

Marta Harnecker is the director of MEPLA, a research organization on the history of popular movements in Latin America.
