### Starbound By J.L. Weil

USAT TODAY BESTSELLING AUTHOR J.L. WEIL FML is becoming Katia's motto for senior year. Things couldn't get any worse, or so she thought. After another uppity party that ends badly, she finds herself stumbling down the street with a broken heel. So when the guy she's had a mad crush on since preschool offers Katia a ride, she couldn't say no. But she should have. Seth Nightingale was trouble. Seth just made the biggest mistake of his life, and there is no way to fix it. He kissed Katia Montgomery. What hell had he been thinking? The problem is, when Katia is around, his mind turns to mush. Torn between his affection for Katia and his desire to not die, Seth is forced to deal with the very thing he's been avoiding his entire life. A dark curse and deep-seated deception leads Katia and Seth closer to their ill-fated destiny. They will have to overcome ancient magick, toe-curling lust, and love if they want to survive. Genre: Teen Paranormal Romance

### Editorial Review

#### About the Author

I am the author of New Adult & Young Adult Paranormal Romances, Post Apocalyptic and Fantasy novels including the Amazon Best Sellers Luminescence Trilogy and Divisa series. Most of my books are for ages 16+. They usually have what I consider the good stuff - sexual content (oh yeah) and swearing. You have been warned ;) I reside in the Windy City with my husband and two awesome boys. I am a book lover of epic proportions and usually favor romances, fantasies, and happily ever afters. I have a serious addiction to Love Pink clothes, raspberry mochas from Starbucks, (yum!) and Jensen Ackles (double yum!). To seal my geekdom, I am a gamergirl, well, when I have the time. I hope you enjoy my world!!

### Users Review

#### From reader reviews:

##### Clarence Liller:

This Starbound book is not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book is definitely information inside this publication incredible fresh, you will get data which is getting deeper you actually read a lot of information you will get. This kind of Starbound without we realize teach the one who reading through it become critical in contemplating and analyzing. Don't become worry Starbound can bring when you are and not make your carrier space or bookshelves' come to be full because you can have it with your lovely laptop even mobile phone. This Starbound having fine arrangement in word and also layout, so you will not feel uninterested in reading.

##### Carolyn Fletcher:

Playing with family inside a park, coming to see the water world or hanging out with close friends is thing that usually you may have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love Starbound, it is possible to enjoy both. It is good combination right, you still desire to miss it? What kind of hang-out type is it? Oh occur its mind hangout fellas. What? Still don't obtain it, oh come on its identified as reading friends.

##### Pamela Edmonds:

Book is one of source of knowledge. We can add our know-how from it. Not only for students but in addition native or citizen want book to know the upgrade information of year in order to year. As we know those books have many advantages. Beside we add our knowledge, may also bring us to around the world. By the book Starbound we can have more advantage. Don't one to be creative people? For being creative person must prefer to read a book. Only choose the best book that appropriate with your aim. Don't be doubt to change your life with this book Starbound. You can more attractive than now.

**Dennis Gaines:**

A number of people said that they feel bored stiff when they reading a e-book. They are directly felt it when they get a half portions of the book. You can choose the book Starbound to make your personal reading is interesting. Your current skill of reading expertise is developing when you like reading. Try to choose straightforward book to make you enjoy to study it and mingle the impression about book and studying especially. It is to be very first opinion for you to like to open a book and study it. Beside that the book Starbound can to be your new friend when you're truly feel alone and confuse using what must you're doing of the time.
