The Principle of the Path: How to Get from Where You Are to Where You Want to Be By Andy Stanley

**Not where you want to be?
Wondering how to get there?**

Why is it that smart people with admirable life goals often end up far from where they intended to be? **Why** is it that so many people start out with a clear mental picture of where they want to be relationally, financially, and professionally and yet years later find themselves far from their desired destination? **Why** do our expectations about our own future often go unmet?

What if you knew the answer to those questions? What if there was one **simple idea** that explained why so many people get lost along the way?

There is. It's called the **principle of the path**. And not only does it explain the disappointment and regret that characterize the lives of so many, it provides a way for **you** to be the **exception**.

As you are about to discover, **the principle of the path** is at work in your life every single day. Once **embraced**, this compelling principle will empower you to identify and follow the path that leads to your desired destination. And this same principle will enable you to avoid life-wasting detours along the way.

“If you’re ready to break the bad habits, bad behaviors, and bad decisions that have been leading you into trouble, you need Andy Stanley’s *The Principle of the Path*.”

—Dave Ramsey, host of *The Dave Ramsey Show*
and best-selling author of *The Total Money Makeover*
