### The Wine Pioneers By Anton Massel

At first there were the horticulturists and wine growers, then came the wine makers, the coopers, and the cellar masters. Inevitably there were wine shippers and wine merchants. Chemists and biologists added their skills in the past two centuries, and only very recently came the oenologists and the professional wine tasters. Wine writers play an important role in today's wine trade, and there were always wine connoisseurs and wine snobs. From 5000BC to the modern day, this book provides a chronological history of the wine pioneers through the ages.
