The Writer's Journey: Mythic Structure for Storytellers & Screenwriters By Christopher Vogler

The Writer's Journey is a guide to the patterns of mythology that lie nestled in all narrative writing. Based upon the work of Joseph Campbell, it offers the reader a set of useful myth-inspired storytelling paradigms and step-by-step guidelines to plot and character development. One of Hollywood's top studio heads made the rough draft of this book required reading for his executive staff.

"...the perfect manual for developing, pitching and writing stories with universal human themes that will forever captivate a global audience". -- Jeff Arch, screenwriter Sleepless in Seattle

Editorial Review

Amazon.com Review

Christopher Vogler has served as a studio folklore specialist, and here comes up with a book that is, in one regard, much like the screenplays it seeks to strengthen: it's derived from other sources! An acknowledged distillation of, and meditation on, the work of Joseph Campbell, *The Writer's Journey* approaches the storyteller's craft as one of recounting the hero's mythic journey, replete with roadblocks and life lessons. But why the unspoken assent that *movies* hew to this structure, when we don't demand the same of plays or books? Could it be that the collective viewing of films is one of our last tribal rituals?

Users Review

From reader reviews:

Kristen Hamilton:

Book is written, printed, or descriptive for everything. You can learn everything you want by a book. Book has a different type. As you may know that book is important issue to bring us around the world. Adjacent to that you can your reading expertise was fluently.
