### SAND DOLLAR: A Story of Undying Love

Noah Hartman has it all, or so it seems. Groomed since childhood to inherit the family fortune and business empire, the effect of living the life set down for him by controlling parents has left Noah out of touch with his inner self. Enter Robin, who -- in direct contrast to Noah -- is a vivacious, free spirit with no material possessions to speak of. Robin's love saves Noah by inspiring him to stand up to his parents and reclaim his true identity at all costs. But Robin harbors a secret that could devastate their lives forever. Is it enough for two soul mates to find each other, or are the forces that would tear them apart too great to overcome?

Many years later, Noah lies in a hospital bed recounting his life of love and loss, only to discover a far greater truth about the past, present, and future. And the one certainty that remains unchanged in Noah's heart -- true love never dies.

"*Sand Dollar* is one of those rare books that makes you feel, laugh and cry all at the same time. This smashing debut by Sebastian Cole reads like the best of Nicholas Sparks with just enough schmaltz. Moving and emotive, it's every bit *The Notebook* done up for summer."

-- Jon Land, bestselling author of *Pandora's Temple*

#### From the Author

*Sand Dollar: A Story of Undying Love* is a story about a love gained, a love lost, and through it all, a love that just won't die. Although it's considered to be a romantic fantasy -- a kind of cross between *The Notebook* and *The Sixth Sense* -- the book distinguishes itself from other romance novels in its genre by its honest portrayal of life as a recurring tragedy, a roller coaster ride of sorts between joy and heartache, and the faith needed to overcome it. *Sand Dollar* is a thought-provoking, emotional read that, among other things, might even have you yelling at the main characters at times. And not only is it filled with plenty of twists and turns, but the surprise ending will knock your socks off!

#### From the Back Cover

What if you lost your true soul mate, the one person in life you were meant to be with? Would your love ever truly die? Not if you're Noah Hartman, who refuses to let go of Robin after she inexplicably abandons their love and disappears from his life seemingly forever, her hidden secret yet to be discovered.

And when you finally accept your fate and do your best to move on with your life, what do you say when the unthinkable happens: your true love Robin reappears as your wedding ceremony to another woman is about to commence, looks deep into your soul with her loving, tear-filled eyes, and tells you the one thing you've desperately longed to hear for all of these years?

But the ending to this heart-wrenching love story has yet to be written, as Noah, old and sick in a hospital bed, tells his story of love and loss to Josh, a wise orderly at Mount Sinai Hospital. As his family members arrive to bid him goodbye, Noah discovers a far greater truth about his past, present, and future. Things are

definitely not as they appear as the pieces of a shattered love are put back together in the remarkable final chapter of Noah's life.
