Drantos (VLG Series Book 1) By Laurann Dohner

For most, a plane crash means the end of life. For Dusti Dawson, it's just the beginning...

Dusti and her sister Batina survived the crash, thanks to a couple of brothers who are equal parts menacing and muscled. She'd be grateful...if they hadn't turned out to be delusional kidnappers, who believe Dusti's grandfather is some monstrous halfbreed creature bent on murder. Turns out Vampires, Lycans, and Gargoyles do exist—and they've been crossbreeding to form two hybrid races. Drantos, the man Dusti can't stop lusting after, is one of the most dangerous of all.

VampLycans Drantos and Kraven were sent to eliminate a threat to their clan. But when that threat turns out to be mostly human women, clueless of their lineage, plans change—especially after Drantos gets a taste of Dusti's blood. Now, he'll die to protect her. Even if that means walking away from everything he knows to keep her at his side.

Is her strong desire for Drantos reason enough to endure danger coming from all sides? Or should Dusti cut and run the first chance she gets?

Author Note: VLG stands for Vampires, Lycans, Gargoyles...and breeds in between. Living in Alaska's harsh, pristine territories, these creatures live and love fiercely. These are their stories.

From reader reviews:

Rita Campanelli:

As people who live in the particular modest era should be update about what going on or information even knowledge to make these keep up with the era which can be always change and advance. Some of you maybe will certainly update themselves by reading books. It is a good choice to suit your needs but the problems coming to anyone is you don't know which one you should start with. This Drantos (VLG Series Book 1) is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Margaret Bonner:

A lot of people always spent their particular free time to vacation as well as go to the outside with them household or their friend. Were you aware? Many a lot of people spent these people free time just watching TV, or playing video games all day long. If you would like try to find a new activity honestly, that is look different you can read a book. It is really fun in your case. If you enjoy the book which you read you can spent the whole day to reading a book. The book Drantos (VLG Series Book 1) it is extremely good to read. There are a lot of people who recommended this book. These folks were enjoying reading this book. In case you did not have enough space to deliver this book you can buy the particular e-book. You can m0ore quickly to read this book from the smart phone. The price is not too costly but this book features high quality.

Tammy Mangold:

People live in this new day of lifestyle always attempt to and must have the free time or they will get great deal of stress from both day to day life and work. So , whenever we ask do people have free time, we will say absolutely indeed. People is human not really a robot. Then we consult again, what kind of activity have you got when the spare time coming to an individual of course your answer may unlimited right. Then do you try this one, reading books. It can be your alternative throughout spending your spare time, the actual book you have read is actually Drantos (VLG Series Book 1).

George Williams:

Your reading 6th sense will not betray you actually, why because this Drantos (VLG Series Book 1) publication written by well-known writer who really knows well how to make book which might be understand by anyone who also read the book. Written in good manner for you, dripping every ideas and creating skill only for eliminate your own personal hunger then you still uncertainty Drantos (VLG Series Book 1) as good book not simply by the cover but also from the content. This is one e-book that can break don't judge book by its handle, so do you still needing yet another sixth sense to pick this!?! Oh come on your studying sixth sense already told you so why you have to listening to one more sixth sense.
