The Big Bang Theory's mix of humor, nerdy protagonists, sexy female leads and quirky characters have made the series one of CBS's most successful shows and have brought it international acclaim. Like *Friends* before it, *The Big Bang Theory* is touted as the show for the new millennium, bringing together aspects of classic humor applied to modern predicaments, usually sexual in nature. This collection of new essays explores sexual themes in *The Big Bang Theory*, interpreted through various critical lenses.
