### Editorial Review

Review

**By Tommy Miller**

This recipe book compiles some pretty interesting recipes and I wouldn't say it's good only for vegans... Since in this recipe book you can find various recipes for salads, appetizers and soups, among the recipes for desserts and main meals which could be more oriented to vegans, I think anyone can use these recipes to enrich his own menus with some interesting meals... Recipes are pretty good, although they could be more detailed (something that I like), but very doable, interesting and deliciously looking...

In my honest opinion, either if you are vegan or not, this is a nice source of recipes which could come handy in many occasions.
