### **In the End: (In the After)** By Demitria Lunetta

The thrilling conclusion to the survival story *In the After*, set in a near future where Earth has been overrun by vicious, predatory creatures.

It's been three months since Amy escaped New Hope, and she's been surviving on her own, like she did in the After. Then one day, her former fellow Guardian's voice rings out in her earpiece. And in a desperate tone, Kay utters the four words Amy had hoped she would never hear: *Dr. Reynolds has Baby*. Now it's a race against time. In order to save Baby, Amy must make her way to Fort Black, a prison turned survivor colony, where she will need to find Ken, Kay's brother. He alone holds the key to Baby's survival.

But one small slipup could set off a downward spiral that would not only cost Baby and Amy their lives, but threaten the very survival of the people in the After.

## **Editorial Review**

From School Library Journal

Gr 9 Up—This sequel picks up the action right where *In The After* (2013) leaves off. After escaping the eugenic horror of New Hope, Amy finds her way to another survivor's camp, the former Texan prison complex of Fort Black. Instead of fleeing from monsters on the outside, Amy has to protect herself from many dangerous people seeking dubious refuge behind prison walls. It has a complex social structure where the few surviving women (with one exception) need to be claimed by men in order to survive, and while Amy balks at the idea of being property she plays along, allying herself with a kind young man with powerful connections. She's on an intelligence mission, tries to protect her little sister left behind in New Hope, and keeps uncovering truths about the engineered apocalypse. The previous book is a thrilling monster story with an exciting, twisting, conspiracy-driven plot. This entry continues in this style while delving deeper into far more disturbing themes, including addiction, human testing, and sexual predation. This novel is somewhat more intense than the first title, mostly due to the violence (sexual and otherwise), however none of it is gratuitous, and is well suited to the plot. The writing is clear and immediate, and the suspense is tightly crafted. It ends on a satisfying note, with room for hope, but not tied up in too neat a package.—Kyle Lukoff, Corlears School, New York City

Review

Review for *IN THE AFTER*: Debut author Lunetta crafts a bang-up, twisty sci-fi adventure/thriller that begs continuation. This end of the world is original enough to make it a good addition to any collection of post-apocalyptic fiction. (Kirkus Reviews)

Review for *IN THE AFTER*: “Consuming! Fascinating and full of twists. Scary in the best way! I couldn’t look away. Once you start this book, you won’t close it until the story’s over...and then you’ll sit there wanting more.” (Sophie Jordan, New York Times bestselling author of the *Firelight* trilogy)

Review for *IN THE AFTER*: “Part adventure, part mystery, Demitria Lunetta’s *In the After* is an exciting and scary read that had me hyperaware of every noise, every breath. This book completely consumed me.” (Jodi Meadows, author of *Incarnate*)

Review for *IN THE AFTER*: “A postapocalyptic page-turner.” (Booklist)

Review for *IN THE AFTER*: “Will likely leave readers stunned.” (The Horn Book)

“The lightning-swift pace and strong female characters create a satisfying page-turner that offers a happy ending as one can expect in such a world.” (Booklist)

From the Back Cover

She thought it was the end of the world . . . but it was only the beginning of the end.

It's been three months since Amy escaped New Hope. Since she's seen Baby, or Kay, or Rice. And she's been surviving on her own, like she did before she was "rescued" and taken to what she thought was a safe haven. Then, in the midst of foraging for supplies, her former fellow Guardian's voice rings out in her earpiece. And in a desperate tone, Kay utters the four words Amy had hoped she would never hear:

*Dr. Reynolds has Baby.*

Now it's a race against time, for Baby is in imminent danger, her life threatened by the malevolent doctor who had helped start the end of the world. In order to save Baby, Amy will have to make her way to Fort Black, a former prison-turned-survivor colony. There she will need to find Ken—Kay's brother—for he holds the key to Baby's survival.

But before she can do any of this, she'll have to endure the darkest places—and people—of the prison. And one small slipup could not only cost Baby and Amy their lives, but threaten the survival of the people in the After.

Demitria Lunetta has created an utterly compelling conclusion to the story she set forth in *In the After*. Readers of the Hunger Games trilogy will not be able to put down this book, which is gripping from beginning to end.

## **Users Review**

### **From reader reviews:**

#### **Harold Riggs:**

Here thing why this In the End: (In the After) are different and reliable to be yours. First of all reading a book is good nevertheless it depends in the content of computer which is the content is as delicious as food or not. In the End: (In the After) giving you information deeper and in different ways, you can find any book out there but there is no guide that similar with In the End: (In the After). It gives you thrill reading journey, its open up your eyes about the thing that happened in the world which is probably can be happened around you. You can bring everywhere like in playground, café, or even in your approach home by train. When you are having difficulties in bringing the branded book maybe the form of In the End: (In the After) in e-book can be your choice.

#### **Ella Nebel:**

Do you one of people who can't read satisfying if the sentence chained in the straightway, hold on guys that aren't like that. You will find the info here are arrange for enjoyable examining experience without leaving actually decrease the knowledge that want to provide to you. The writer of In the End: (In the After) content conveys prospect easily to understand by many people. The printed and e-book are not different in the information but it just different in the form of it. So , do you continue to thinking In the End: (In the After) is not loveable to be your top listing reading book?

#### **Mary Haskell:**

The book untitled In the End: (In the After) is the guide that recommended to you to learn. You can see the quality of the guide content that will be shown to a person. The language that author use to explained their way of doing something is easily to understand. The author was did a lot of exploration when write the book, to ensure the information that they share to you is absolutely accurate. You also could get the e-book of In the End: (In the After) from the publisher to make you considerably more enjoy free time.

**Yolanda Sartain:**

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's spirit or real their hobby. They just do what the professor want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this In the End: (In the After) can make you experience more interested to read.
