Editorial Review

From School Library Journal

Grade 1 Up-- A lavish book of previous and current film techniques. From the early attempts with zoetropes, praxinoscopes, and kineographs to the eloquent special effects of *Beauty and the Beast*, the achievements of the Disney company are traced. Thomas explores the animation process with an informative history, accompanied by interviews; the behind-the-scenes work on story lines; and production processes. The innovative and visionary Walt is profiled, from his early shaky enterprise with his brother Roy to their commercial success with Mickey Mouse. Both familiar and new cartoon characters appear in this chronological study. The second section is devoted to *Beauty and the Beast*, tracing the legend through the storyboard process to the final product. Full-page, full-color illustrations, examples of story sketches, layouts, drawings, and photographs further enhance this volume, making it far more entertaining than the biographies by Barbara Ford (Walker, 1989) and Katherine and Richard Greene (Viking, 1991). --Judie Porter, Media Services Center, Portsmouth School Department, RI Grades 3-6

From Library Journal

This book is really two volumes in one. The first volume updates the author's earlier publication *Walt Disney: The Art of Animation* (LJ 3/1/59), tracing the evolution of the Disney Studio's animated features up through the release of the recent *Rescuers Down Under*. The second volume showcases all the processes involved in crafting Disney's newest feature, *Beauty and the Beast*. As a veteran Disney watcher, Thomas used his entre into the Disney archives to choose the book's 200 color illustrations, set off by a lenticular cover. He also interviewed key creative personnel at Disney, touching on all aspects of making animated films, including conceptualization, scripting, storyboarding, artwork, character development, production, direction, acting, music, layout, animation, and special effects. Sidebar notes and drawings illustrate how characters and storylines evolve as the film moves towards completion. Highly recommended for general collections.

Users Review

From reader reviews:

Richard Zhang:

In this 21st century, people become competitive in each way. By being competitive right now, people have do something to make them survives, being in the middle of the crowded place and notice through surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yes, by reading a e-book your ability to survive increase then having chance to stand up than other is high. For you who want to start reading the book, we give you this particular DISNEY'S ART OF ANIMATION Disney's Art of Animation #1: From Mickey Mouse, To Beauty and the Beast book as nice and daily reading e-book. Why, because this book is usually more than just a book.

Kevin Applegate:

Information is provisions for anyone to get better life, information nowadays can get by anyone with everywhere. The information can be a understanding or any news even a huge concern. What people must be consider whenever those information which is within the former life are difficult to be find than now could be taking seriously which one is acceptable to believe or which one often the resource are convinced. All those possibilities will not happen inside you if you take DISNEY'S ART OF ANIMATION Disney's Art of Animation #1: From Mickey Mouse, To Beauty and the Beast as the daily resource information.

Mary Bradford:

Reading can called head hangout, why? Because while you are reading a book specifically book entitled DISNEY'S ART OF ANIMATION Disney's Art of Animation #1: From Mickey Mouse, To Beauty and the Beast the mind will drift away trough every dimension, wandering in every single aspect that maybe unknown for but surely will end up your mind friends. Imaging just about every word written in a guide then become one web form conclusion and explanation this maybe you never get prior to. The DISNEY'S ART OF ANIMATION Disney's Art of Animation #1: From Mickey Mouse, To Beauty and the Beast giving you one more experience more than blown away the mind but also giving you useful info for your better life with this era. So now let us teach you the relaxing pattern this is your body and mind will likely be pleased when you are finished examining it, like winning a. Do you want to try this extraordinary wasting spare time activity?

Joshua Miner:

As a student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's spirit or real their interest. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this DISNEY'S ART OF ANIMATION Disney's Art of Animation #1: From Mickey Mouse, To Beauty and the Beast can make you truly feel more interested to read.
