Editorial Review

From School Library Journal

Grade 4-8-DuBosque offers real instruction and hours of fun here. All those youngsters fascinated with automobiles will find the organization and sequential approach easy to follow. The text, illustrated with precise, detailed pencil drawings or black-and-white photos, is quite readable and often takes the form of dialogue when the author speaks to young artists about his own successes and failures. He also anticipates problems and mistakes, correcting them with lighthearted captions. All of the favorite makes are here- Ferrari, Porsche, Lamborghini, Corvette, etc. A step-by-step, how-to book with quality drawings and information.
