Places No One Knows By Brenna Yovanoff

A good girl dreams herself into a bad boy's room in this lyrically romantic novel by a bestselling author from which Maggie Stiefvater, author of *The Raven King*, says she "woke up satisfied."

Waverly Camdenmar spends her nights running until she can't even think. Then the sun comes up, life goes on, and Waverly goes back to her perfectly hateful best friend, her perfectly dull classes, and the tiny, nagging suspicion that there's more to life than student council and GPAs.

Marshall Holt is a loser. He drinks on school nights and gets stoned in the park. He is at risk of not graduating, he does not care, he is no one. He is not even close to being in Waverly's world.

But then one night Waverly falls asleep and dreams herself into Marshall's bedroom—and when the sun comes up, nothing in her life can ever be the same. In Waverly's dreams, the rules have changed. But in her days, she'll have to decide if it's worth losing everything for a boy who barely exists.

Editorial Review

From School Library Journal

Gr 10 Up-Waverly Camdenmar appears to be a model student with a competitive streak, but she has her secrets. Marshall Holt seems tuned out (he begins or ends many days with mood-altering substances), but he has smarts he doesn't play up. These two seeming opposites find a mutual attraction, brought to the forefront when Waverly meditates to a magic candle and is transported to Marshall's bedroom. Yovanoff paints a bleak portrait of high school, with a ruthless social structure, scheming "best friends," beer at every party, and mostly clueless adults. Waverly and Marshall switch off as narrators every few chapters, as they struggle to fit their unlikely but visceral attraction into their daytime lives. The author has some great descriptive phrases and images, such as girls with "too much eyeliner, not enough shirt"; painting fingernails with Wite-Out in a boring class; and a "soft, wobbly place" where awake and asleep come together. The school prom (which Waverly is helping plan and Marshall doesn't expect to attend) gives a focus for the final chapters. This is an angst-filled story with older high school characters, where everyone seems some degree of miserable. There are pockets of honesty that bode well for the future. VERDICT Suitable for collections in need of dark fiction with a hint of magic.-Maggie Knapp, Trinity Valley Sch., Fort Worth, TXα(c) Copyright 2011.
