Universal-international Westerns, 1947-1963: The Complete Filmography

By Gene Blottner

From 1947 through 1963, the merged studios of Universal and International produced mostly highly entertaining westerns that ranged from classics like Winchester '73 to forgettable films better left unmade. Entries on the 114 Universal-International westerns of the period are collected here. While other films may have contained western elements, only films that truly fit the genre are included. Films are arranged alphabetically by title, and each entry includes release date, alternate title, cast, credits, songs, location of filming, source if the film was an adaptation, running time, plot synopsis, commentary from the author and from the actors and directors, and representative excerpts from contemporary reviews. Also included are tag lines used in the original advertising for each film. An introduction to the book provides details on the Universal-International merger and a history of the studios' productions.
