About the Author

Bill Jelen , Excel MVP and the host of MrExcel.com, has been using spreadsheets since 1985, and he launched the MrExcel.com website in 1998. Bill was a regular guest on *Call for Help* with Leo Laporte and has produced more than 1,500 episodes of his daily video podcast, *Learn Excel from MrExcel*. He is the author of 39 books about Microsoft Excel and writes the monthly Excel column for *Strategic Finance* magazine. His Excel tips appear regularly in CFO Excel Pro Newsletter and *CFO Magazine* . Before founding MrExcel.com, Bill Jelen spent 12 years in the trenches-working as a financial analyst for finance, marketing, accounting, and operations departments of a $500 million public company. He lives near Akron, Ohio, with his wife, Mary Ellen.

Tracy Syrstad is a developer for the MrExcel consulting team. She was introduced to Excel VBA by a co-worker who encouraged her to learn VBA by recording steps, and then modifying the code as needed. Her first macro was a simple lookup and highlight for a part index, although it hardly seemed simple when she did it. She was encouraged by her success with that macro and others that followed. She'll never forget the day when it all clicked. She hopes this book will bring that click to its readers sooner and with less frustration. She lives near Sioux Falls, South Dakota, with her husband, John.
