### **Hip Hop Illuminati Book 2: Hip Hop's Role in the New World Order** By Rebecca Scott

In my first book, Hip Hop Illuminati, I told you how and why the Illuminati took over Hip-Hop. In this book, I will show you how the game is, once again, evolving. But more importantly I will show you how hip hop music will affect today's youth and their future. According to findings, at any given moment, hundreds of very serious conversations about the changing face of hip-hop are taking place, with many individuals appearing to have an actual emotional (financial) stake in the matter. Social scientists confirm that there are people who are deeply concerned about the current state of hip-hop and who continually express genuine worry over the musical genre's influence in the future. With hip hop making its way all the way up to the oval office via Jay-Z (and others) you can be assured that among those "worrying" are the Illuminati.
