Artemis Fowl: The Lost Colony (Book 5) By Eoin Colfer

Demons are beginning to materialize without warning on Earth. If humans were to capture one, all fairies would be exposed. In order to protect themselves, the fairies must decipher complicated equations to determine where the next demon will appear. Not even the brilliant Foaly can make heads or tails of the formulas but he knows someone who can: Artemis Fowl.

When a very confused demon imp appears in a Sicilian theater, Artemis is there to meet him. But he is not alone. Someone else has unlocked the secrets of the fairy world and she is only twelve years old. Now, in a race against time, a newly-reformed Artemis Fowl will have to dip into his bag of dirty tricks if he is to save his fairy friends from his latest nemesis, not to mention a power hungry demon warlord who is poised to invade our dimension with his savage army.

Editorial Review

From [Booklist](#)

In this sequel to *The Opal Deception* (2005), 14-year-old Artemis discovers an unraveling time tunnel connecting demons with the earth. These imps have sworn revenge on humans, and their unpredictable appearances threaten to expose the entire fairy world. As always, Colfer delivers not only continuous action but also witty wordplay and dialogue, understated humor, and plenty of magical technology and gadgetry. A must for kids who have enjoyed Artemis' previous escapades. *Kay Weisman*

This follow-up to THE OPAL DECEPTION features an island stuck in time, an army of creatures bent on destroying humans, and teenaged genius Artemis, who must solve these problems against daunting odds (including a rival child genius). Artemis discovers a time tunnel used by demons who've sworn revenge on humans and whose "materializations" call potentially disastrous attention to the entire fairy world. Nathaniel Parker's narration highlights Colfer's action-packed drama, delivering the story's chilling implications of murder and deceit with a breathtaking accuracy of tone while highlighting the humor and sarcasm that the Artemis Fowl series is famous for. Fowl fans will be thrilled, and newcomers will race to catch up on what they've missed. J.C.G. © AudioFile 2007, Portland, Maine-- *Copyright © AudioFile, Portland, Maine*
