### Infinity Lost (The Infinity Trilogy) By S. Harrison

In the near future, one corporation, Blackstone Technologies, has changed the world: no disasters, no poverty, and life-altering technology. Blackstone has the impunity to destroy—or create—as it sees fit.

Infinity “Finn” Blackstone is the seventeen-year-old daughter of Blackstone’s reclusive CEO—but she’s never even met him. When disturbing dreams about a past she doesn’t remember begin to torment her, Finn knows there’s only one person who can provide answers: her father.

After Finn and an elite group of peers are invited to Blackstone’s top-secret HQ, Finn realizes she may have a chance to confront her father. But when a highly sophisticated company AI morphs into a killing machine, the trip descends into chaos. Trapped inside shape-shifting walls, Finn and her friends are at the mercy of an all-seeing intelligence that will destroy everything to get to her.

With no hope of help, Finn’s dream-memories may be the only chance of survival. But will she remember in time to save her own life and the lives of those around her?

## **Editorial Review**

From School Library Journal

Gr 8 Up—Most people don't know that Finn is actually Infinity Blackstone, daughter of the brilliant and elusive founder of Blackstone Technology. Ever since her mother passed away, Finn was raised by various members of the household staff. While at boarding school, Finn began having strange dreams that distorted her childhood memories. Unsure of the truth and determined to confront her father, the teen takes advantage of a field trip to Blackstone Technology headquarters. What was originally an innocent plan quickly devolves into a dangerous melee when the robotic technology turns murderous. Finn isn't sure she will be able to piece her memories together in time to save her friends, much less make sense of what these dreams mean for her. Harrison's writing changes frequently between the forward progression of the story line and snippets of flashbacks to various stages of Finn growing up. These transitions are occasionally confusing, but usually because Finn herself is struggling to make sense of the memories. Other than the protagonist, the characters have little depth, although this may be shaped by Finn's perception of them. The plot follows a relatively predictable path that is only surprising in the last few chapters' vividly grotesque violence. The book ends in a cliff-hanger, leaving readers to assume that a sequel will address remaining questions. **VERDICT** Recommended for avid science-fiction fans; a good addition to larger collections.—Paige Rowse, Needham High School Library, Massachusetts

## **Review**

“S. Harrison’s first novel, *Infinity Lost*, is a great twist on a realistic world mixed with sci-fi elements...I can’t wait to pick up his next book, *Infinity Rises*.” —**MuggleNet**

## **About the Author**

S. Harrison is an author from New Zealand, where he often indulges in his love of watching superhero movies and art house films. He frequently escapes to the many islands of the South Pacific, where he is hard at work on his writing. *Infinity Lost* is his first novel.

## **Users Review**

### **From reader reviews:**

#### **Frances Feist:**
