The Art of Wreck-It Ralph (The Art of Disney) By Maggie Malone, Jennifer Lee

In *Wreck-It Ralph*, Disney's expert team of concept, visual development and story artists explore the hidden world of video games from classic 8-bit arcade games to the most modern and inventive offerings of the digital age. At the center of this hilarious and wildly original video-game-hopping adventure is Wreck-It Ralph, an arcade game bad guy who breaks all the rules when he sets off on a mission to prove he can be good. *The Art of Wreck-It Ralph* captures the fresh artistic vision of the film and the aesthetic journey of the filmmakers through interviews with the film's many artists, including a foreword by director Rich Moore and a preface by John Lasseter. Illustrated with character sketches, storyboards, visual development paintings, colorscripts, and more, this behind-the-scenes look at Disney's latest 3-D animated epic is a treat for video game and animation lovers alike.

Editorial Review

Review

" If you like the movie - and that is almost guaranteed - you will have to have this book."

--Animation World Network

"Usually I recommend these "Art of" books because - let's face it - even if the movie is no-good, the pre-vis and character designs are usually fantastic. Wreck-It Ralph is not only a great little film, but the artwork is especially fun. Director Rich Moore assembled a hand-picked crew of cartoonists to inspire the look of the film and they did not fail. No wonder the stuff on the screen looks so good - the preliminary art pictured here shows he had a lot of quality to choose from. Mike Gabriel, Jin Kim, Bill Schwab, Lorelay Bove, Glen Keane, and Minkyu Lee are just a few of the artists supplying the eye candy here, providing the appropriate "sugar rush" you require. This is a good one."

-CartoonBrew.com

"The Art of Wreck-It Ralph takes you through every iteration of the wreckage inducing lug and his party. You'll find awesome stuff like the fact that early Sargeant Calhoun designs could have easily been used to model Fem Shep, find out the backstory of the cut character of General Locknload and discover lost levels that didn't make it into the final film based on Rock Band, Dance Dance Revolution and even a GTA-inspired level called EZ Livin 2. After reading this book you'll understand how rich of a world Ralph actually lives in and how great the rumored sequel Super Wreck-It Ralph could be."

--Nerdist

"Movie devotees as well as readers with an interest in visual design and animation will enjoy perusing the profusely illustrated pages of Jennifer Lee and Maggie Malone's The Art of Wreck-It Ralph (Chronicle, 2012; Gr 5 Up). Stating that the movie is a bit of a departure for Disney Animation, the authors point to the involvement of Moore, who brought with him "an edgy animation aesthetic and a bold, risky sense of humor" along with a commitment to creating a film with a modern sensibility. Well-written chapters delve into each of the very different video-game worlds, describing the design process, settings, and character development (at various times, Ralph was envisioned as a troll, caveman, Sasquatch, and gorilla, as shown in the concept artwork).

Other sections introduce "Game Central" (a train-station-like hub through which the characters travel from one game console to another), scenes set in the human world of the arcade, and characters that were cut before production. Commentary from the creative staff is woven into the narrative, along with pull-out quotes, providing an interesting look at how the film's look and storyline evolved side by side. The handsome pages are filled with concept art, character sketches, story boards, and models (including an amazing built-from-candy rendition of the Sugar Rush town square)."

-School Library Journal "Extra Helping"

"Filled with the usual copious amounts of development and production artwork, interviews with the creators, and more, it's the definitive visual exploration of Disney's latest CG animated offering."

John Lasseter is a two-time Academy Award®-winning director, chief creative officer at Walt Disney and Pixar Animation Studios, and principal creative officer at Walt Disney Imagineering.

Users Review

From reader reviews:

Jaime Howell:

Nowadays reading books are more than want or need but also be a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book that improve your knowledge and information. The details you get based on what kind of book you read, if you want have more knowledge just go with knowledge books but if you want sense happy read one along with theme for entertaining like comic or novel. Often the *The Art of Wreck-It Ralph (The Art of Disney)* is kind of guide which is giving the reader capricious experience.

Patricia Howland:

This *The Art of Wreck-It Ralph (The Art of Disney)* is brand-new way for you who has curiosity to look for some information as it relief your hunger associated with. Getting deeper you in it getting knowledge more you know or you who still having little digest in reading this *The Art of Wreck-It Ralph (The Art of Disney)* can be the light food in your case because the information inside this specific book is easy to get by means of anyone. These books build itself in the form that is certainly reachable by anyone, that's why I mean in the e-book web form. People who think that in publication form make them feel tired even dizzy this publication is the answer. So there isn't any in reading a e-book especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss that! Just read this e-book style for your better life and also knowledge.

Candy Smith:

As we know that book is significant thing to add our information for everything. By a e-book we can know everything we really wish for. A book is a list of written, printed, illustrated or maybe blank sheet. Every year has been exactly added. This publication *The Art of Wreck-It Ralph (The Art of Disney)* was filled regarding science. Spend your spare time to add your knowledge about your technology competence. Some people has various feel when they reading the book. If you know how big benefit from a book, you can feel enjoy to read a e-book. In the modern era like now, many ways to get book you wanted.

Carolyn Scott:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The Art of Wreck-It Ralph (The Art of Disney) can make you really feel more interested to read.
