Editorial Review

From the Author

LoveScopes was indeed a labor of love to write. When I was approved to write a book for Hay House it was the first book that wouldn't expire in a year (like Mark's Power Peek 2007 and 2008) so I wanted to write something people would want to keep referring to. Having spent years as a bookstore owner I remember the gift and the curse of people coming to the shop to sit for hours reading one type of book - books on love.

Although I don't endorse using LoveScopes as a way to say "Yes" or "No" to a particular person, I do believe that people are going to do that anyway. So secretly, as you look up the sign of someone you know, you are going to learn something about them which is going to give you a dash of tolerance, but more than that, you are going to be reading and learning about yourself, giving you a dash of self acceptance. In either case, you will grow and THAT is worth the time it took.

You are so much more than what this book could ever say about you but if you take the small pieces here and use them to be more compassionate with yourself; life's tough moments will seem to move faster and it's wonderful moments may just seem to linger.

Thanks for stopping by.

Mark
