TekWar (The TekWar Series Book 1) By William Shatner

The national bestselling detective novel set in a futuristic Los Angeles by the legendary actor who played the original Captain Kirk on *Star Trek*!

Not satisfied with the thrills of being one of Greater Los Angeles' toughest cops, Jake Cardigan turns to Tek, a computerized brain stimulant which transports the user to any reality he can imagine. He's soon addicted to this fantasy-enabler—and it isn't long before Cardigan is accused of dealing. When he fails to convince the mechanized jury of his innocence, the state strips his badge and sentences him to fifteen years in suspended animation. Four years later he's awakened. His sentence has been changed, but no one will tell him why.

Cardigan's search for answers takes him to Mexico, where a rogue scientist is attempting to rid the world of Tek. But these efforts have roused powerful enemies. Aiding this quest is the right thing to do, but for an ex-con, doing good can be the most dangerous decision of all.

This ebook features an illustrated biography of William Shatner including rare images and never-before-seen documents from the author's personal collection.

Editorial Review

From Publishers Weekly

In his first novel, actor Shatner delivers a hard-boiled private eye story set against a science fiction background. Ex-cop Jake Cardigan, framed for dealing "Tek," a popular 22nd-century drug, is released from controlled coma to search for a missing scientist. "While the writing is awkward in spots, the pace is unrelenting," commented PW.

From Library Journal

An ex-policeman caught in the schemes of drug lords, unscrupulous businessmen, and his one-time allies turns private detective to track down a missing scientist whose invention could win the war against the insidious computerized drug known as "Tek." Set in a futuristic, high-tech world of robots, androids, and designer drugs, this first novel by Shatner (better known as Star Trek 's Captain Kirk) should appeal to most fans of fast-paced sf action-adventure.

Review

"A futuristic thriller!" —*Kirkus Reviews*

Users Review

From reader reviews:

Leticia Brewster:

Book is definitely written, printed, or highlighted for everything. You can understand everything you want by a book. Book has a different type. We all know that that book is important point to bring us around the world. Beside that you can your reading expertise was fluently. A book TekWar (The TekWar Series Book 1) will make you to become smarter. You can feel much more confidence if you can know about everything. But some of you think that open or reading a book make you bored. It is far from make you fun. Why they may be thought like that? Have you searching for best book or ideal book with you?

Betty Epperson:

The experience that you get from TekWar (The TekWar Series Book 1) is a more deep you looking the information that hide within the words the more you get serious about reading it. It doesn't mean that this book is hard to comprehend but TekWar (The TekWar Series Book 1) giving you thrill feeling of reading. The author conveys their point in selected way that can be understood by means of anyone who read that because the author of this guide is well-known enough. That book also makes your vocabulary increase well. So it is easy to understand then can go to you, both in printed or e-book style are available. We recommend you for having this particular TekWar (The TekWar Series Book 1) instantly.

Bonnie Boyd:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or to make summary for some book, they are complained. Just small students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this TekWar (The TekWar Series Book 1) can make you sense more interested to read.

Alberto Alvarez:

What is your hobby? Have you heard that will question when you got pupils? We believe that that query was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person like reading or as reading through become their hobby. You need to understand that reading is very important and book as to be the issue. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You discover good news or update concerning something by book. Many kinds of books that can you choose to adopt be your object. One of them are these claims TekWar (The TekWar Series Book 1).
