Editorial Review

From the Author

If I asked you to list the games you played as a child, or the people you've kissed, a colorful assortment of memories would surface that are unique to you. Many of us don't have the time or inclination to write our autobiography, so I created the Listography Books and listography.com to help capture all the experiences that make up your life: a sweet little time capsule. I've rediscovered many lost memories by making lists, and I'm glad I found them. Now that they're in my lists, they'll never be lost to me, and I am creating a map of my experience here on earth. The meditative process of making a list reminds us of how beautiful the details of our life are, and it can inspire us, but most importantly, it's fun!
